**CONGRATULATIONS  
ON YOUR NEW VIPP CABINET**

*Whether we develop a bin, rethink  
the modular kitchen, or create a furniture  
line, we measure the quality of our products  
on their ability to stand the test of time.  
A recipe we have followed since 1939.*

KASPER EGELUND, CEO AND 3<sup>RD</sup> GENERATION VIPP OWNER

## PRODUCT DESCRIPTION

The Vipp675 Chimney Cabinet is made to store your possessions; four open rooms for the things you don't mind showing off, completed with a premounted illumination and for the rest, a reeded aluminum door provides cover. On top of this, a submersed marble plate offers an almost tray-like function.

### Materials

Aluminum, grey marble, oak veneer  
LED Light, 12,9W 24 DC, 2 m Euro plug wire

### Dimensions

L. 176.8 cm / 69.6 in  
D. 38 cm / 14.9 in  
H. 68.1 cm / 26.8 in

## ASSEMBLY GUIDE

1. Join the two cabinets using the 4 included screws and barrel nut.

2. Place the horizontal base as illustrated. Install the four legs using the included screws, making sure to check the appropriate up/down direction of base and that the long cross bars are raised above the end bars.

3. Align the holes in the legs with the pre-drilled holes in the cabinets and insert the included screws.

4. Place the stonetop in the designated area.

## CARE INSTRUCTIONS

### Oak veneer

Gentle, regular cleaning is recommended. Wipe down the oak veneer with a soft damp cloth, possibly with a mild detergent. Make sure to wipe off the surface after cleaning with water. Allow the water to evaporate or dry with a dry cloth. Placement of objects on a wet or damp surface can cause marks on the lacquer. These marks are not possible to fix and are not eligible for complaints.

Avoid using sponges or coarse cloths as this might damage the surface. The oak veneer should be treated as any other wooden material.

Do not use sandpaper or similar, as this can damage the protective layer of the surface. A patina will emerge over time.

### Marble

Gentle, regular cleaning is recommended. Dust off the surface regularly and wipe down the marble with a damp cloth when needed. If necessary, add a mild, acid-free detergent. Remove the detergent with a clean damp cloth. Marble does not tolerate any kind of acid (juice, wine, ketchup etc.) Marble is sensitive and should be treated cautiously. Always use coasters for drinking glasses and rivets for hot items to keep your table beautiful and free from marks and stains.

Remove stains by immediately using a lint-free cleaning cloth with warm water and a mild detergent. Avoid using dusting sprays or abrasive cleaners. In case of serious damage contact a professional polisher.

## WARRANTY

Vipp offers warranty on products according to national laws and regulations. The warranty does not cover defects or damage caused directly or indirectly by misuse or poor maintenance, violence or manipulation. The warranty presupposes rightful use as described in Vipp's care instructions, which can be found in this folder or under the specifications of each product at [vipp.com](http://vipp.com). In case of a defective product, please contact your place of purchase.
